

VALUATIONS
AND
TECHNOLOGY
YOU CAN
BANK ON

Comprehensive, easy-to-integrate appraisal services and valuation tools keep lenders in step with a changing industry.

The world of property valuation is undergoing big changes. To navigate them and stay ahead of your competition, you need compliant valuations delivered by a company that is committed to your success.

Valustrust Solutions®, a Williston Financial Group company, not only has comprehensive appraisal and integrated technology solutions, we also have a staff of experienced service experts determined to help you maximize efficiency.

VALUSTRUST SOLUTIONS...NEXT GENERATION PROPERTY VALUATION

Valustrust Solutions facilitates superior appraisal management services, as well as overall vendor management with flexible technology solutions that streamline the valuation process.

Because the **Valustrust** platform is proprietary technology, **Valustrust Solutions** can make any necessary enhancements to better serve our lender clients.

The **Valustrust** platform enables us to work with appraisers in the most efficient manner possible. Appraisers appreciate how easy it is to use and, even more, they like working with our staff, who make the experience both seamless and pleasant.

“As the valuation industry evolves to meet the demands of mortgage lending and servicing companies, Valustrust will be on the forefront to help its clients succeed.”

Sean Pyle, President,
Valustrust Solutions

Our managed valuation solution incorporates:

A full suite of alternative and traditional property valuation products

One-touch product ordering

Consolidation of client & vendor communication within one portal

Instant order status updates through the portal

Customizable workflow to support lenders' unique business needs

Automation of manual tasks

Another Valustrust Solutions advantage... It's the team behind the tech

The specialists at Valustrust Solutions share a passion for innovation that is surpassed only by their devotion to delivering outstanding service. Responsive and customer focused, our team members are helping lenders adapt -- and succeed -- in a changing landscape.
